Refugee Foster Care

Refugee Foster Care, also known as Unaccompanied Refugee Minor Foster Care, is taking in a child or youth who have been separated from their families due to war, conflict, natural disaster, or abuse by caregivers who were meant to protect them. These situations create upheaval in their lives forcing them to flee from countries in Central America, Africa, the Middle East and Southeast Asia. Each refugee or unaccompanied refugee minor has a different story, but the love and support you can provide will change your and their life forever.

Did you know?

Annually, there are over 2,000 youth and children that arrive to the U.S. as Refugees. Most range between the ages of 15-17, but can be as young as 5. Some enter the country with their families and some are displaced from their families. Some of these Refugees will never be allowed to return to their home country and some may never be reunited with their birth families.

We believe in the sanctity of life, in that all children are valued and uniquely made.
